Professional Summary

B.Tech ECE student with a Minor in Computer Science and strong foundations in Java, SQL, Object-Oriented Programming, and web technologies. Hands-on experience in full-stack development and REST APIs, with a focus on Java Full Stack development and problem-solving.

Technical Skills

- **Programming Languages:** Java, SQL, JavaScript, Python, C
- **Web Technologies:** HTML, CSS, Node.js, Express.js, REST APIs
- **Frameworks & Tools:** Firebase, Spring Boot, Git, GitHub, VS Code, Figma
- **Core Concepts:** Data Structures, OOP, DBMS, JDBC, Operating Systems
- **Technologies:** AWS (Basics), Linux, IoT, API Integration

Internships / Experience

AICTE – EduSkills Academy

January 2025 – March 2025

Web Full Stack Developer Virtual Intern

- Completed a 10-week AICTE-supported internship focused on full-stack web development and application design.
- Developed responsive web applications using HTML, CSS, JavaScript, and modern web practices.
- Worked across frontend and backend workflows with hands-on experience in application integration.
- Applied problem-solving and software development skills through project-based assignments.

Skill Dzure

May 2025 – June 2025

Full Stack Web Developer Intern

- Developed and maintained 6+ responsive web applications using HTML, CSS, JavaScript, and REST APIs.
- Implemented dynamic UI features and integrated backend APIs to improve functionality and user experience.
- Completed 10+ real-world assignments improving debugging, code optimization, and problem-solving skills.

Education

Vishnu Institute of Technology, Bhimavaram

Sep 2023 – May 2027

Bachelor of Technology in Electronics and Communication Engineering

CGPA: 8.75

Vishnu Institute of Technology, Bhimavaram

Sep 2025 – May 2027

Minor Degree in Computer Science

CGPA: 9.50

Projects

CareerLens AI – Resume Analyzer & Mock Interview System | FastAPI, Python, RAG, FAISS, Gemini API

- Developed an AI-powered platform for resume analysis and personalized career recommendations.
- Built an AI-powered platform for resume analysis and mock interview generation using FastAPI and LLM APIs.
- Designed an AI chatbot supporting interview simulation and learning guidance.
- Integrated LLM APIs to generate dynamic technical and behavioral interview questions.

Smart Hostel Management System | Node.js, Express.js, Firebase

- Built a full-stack web application with role-based authentication and access control.
- Implemented modules for room allocation, attendance tracking, complaints, and gate pass system.
- Integrated Firebase for real-time database and authentication services.
- Developed smart mess system with food voting and feedback features.

Certifications and Achievements

- **Programming in Java** – NPTEL, Elite (100/100 Score — Top 1% among 19,306 certified learners) Jan–Apr 2026
- **Full Stack Web Application Development with Node.js** — Codinza, Vishnu Institute of Technology (2025)
- **Runner-Up — Gen AI Hackathon** — Datavalley (2025)
- **Cloud Computing** – NPTEL, Elite (86/100 Score — Top 5% among 33,252 certified learners) Jan–Apr 2026
- **Computer Science 101, Communication and Teamwork** — Stanford Online (edX), FullbridgeX (edX), 2024
